- i) any breach of any representation or warranty of the bidder contained in the tender,
- ii) Any breach or violation of any covenant or other obligation or duty of the bidder under this tender.

13.21 The responsibility of giving truthful information without concealing any facts is that of the Bidder. In case, at any stage, it is found that any information given by the Bidder is false / incorrect / concealed, then Mission Directorate Jal Jeevan Mission J&K shall have the absolute right to take any action as deemed fit including but not limited to dropping the Bidder from consideration for award of work / blacklisting, forfeiture of EMD / PBG, etc. without incurring any liability to the affected bidder(s) on the ground of Mission Directorate Jal Jeevan Mission J&K's action.

Concept Note on display of Tableau

1. **Introduction:** Jal Shakti Department, J&K with the assistance of Mission Directorate Jal Jeevan Mission, is implementing **Jal Jeevan Mission** – a flagship programme launched by Hon'ble Prime Minister with an aim to provide each and every rural household with tap water connection which is capable of supplying water at a minimum service level of 55 litres per capita per day and its quality conforming to BIS 10500 standards, on a long term and sustainable basis. The Mission focuses on following key aspects to achieve this goal on a sustainable basis:
 - i) Development of adequate infrastructure for establishment of new water supply schemes and augmenting/ retrofitting of existing water supply schemes for coverage of all the rural households with Functional Household Tap Connections (FHTCs).
 - ii) Community involvement for planning, implementing, monitoring, owning and ultimately taking over the operation & maintenance of water supply systems for its functionality on a long term and sustainable basis.
 - iii) Water Quality Monitoring & Surveillance through laboratories and through the use of Field-Testing Kits (FTKs) to ensure that water supplied to the public is conforming to prescribed quality standards.
 - iv) Capacity building and skill training of various stakeholders for successful implementation of the Mission.
 - v) Creation of awareness among the masses about the Mission, its objectives, achievements and important aspects like Water, Sanitation and Hygiene (WASH) etc.
 - vi) Convergence of various initiatives/ programmes for Grey Water Management, Ground Water Recharge, Rain Water Harvesting etc. for sustainability of water sources.
2. **Progress achieved till date:** The following key achievements need to be captured in the display of tableaux through models, demonstrations, messages, playing of success stories on video wall etc.

- i) With the saturation of 14.15 lakh out of 18.70 lakh rural households with Tap Water Connections, Jammu & Kashmir crosses 75% coverage under Jal Jeevan Mission and enters into '**High Achievers**' category at National Level.
- ii) **Creation of Infrastructure:** A huge infrastructure in the shape of about 1253 Dug-well/ Bore-well/ Tube-well sources, 463 Over Head Tanks, 438 Rapid Sand Filtration Plants, 1020 Slow Sand Filtration Plants besides thousands of Ground Service Reservoirs, Lift Stations and Pipe distribution works is being created, at an estimated cost of **Rs. 12975.00 Crore**, under **3346 water supply schemes** planned under the Mission.
- iii) Out of such **6590 work components** involved in these schemes, **6416 (97%) have been allotted** and **5747 (87%) works have been started** as well.
- iv) **Pani Samitis:** 6630 Pani Samitis – sub-committees of Gram panchayat, have been constituted covering all the villages of the UT who are actively participating in planning, implementing and monitoring of Mission activities in their respective villages.
- v) **Water Quality Testing Laboratories:** For an effective monitoring system of quality of water being supplied to the public, a network of 98 laboratories, at UT, District and Sub Divisional level have been strengthened/ established. 10 District laboratories have been accredited with NABL and the accreditation of remaining 10 district laboratories and 02 UT level laboratories is in the final stage.
- vi) **For Water Quality Surveillance** by the community itself, about 7500 Field Testing Kits (FTKs) have been distributed among the Pani Samitis. More than 33000 women have been trained for use of Field-Testing Kits in checking the quality of water and reporting the results online through WQMIS portal.
- vii) **Transparency & accountability:** In order to ensure the transparency and accountability in the implementation of the Mission:
 - a. A robust monitoring mechanism through District Level Project Management Units (DPMUs), Third Party Inspecting Agencies (TPIAs), UT Level team of Experts/ Consultants and Pani Samitis besides District Jal Jeevan Missions headed by the respective District Development

Commissioners have been established in addition to the routine monitoring by the PHED engineers.

- b. Procurement of all works and materials is being done through competitive e-tendering system only.
- c. Process of 'Har Ghar Jal Certification' by Gram Panchayat has been put in place to ensure ownership, transparency and awareness, about the work done and the household connections provided in the village.
- d. Every tap water connection provided is uploaded on the IMIS portal of JJM with Aadhar linkage of the beneficiary.
- e. The scheme details, FHTC details, physical progress and the financial progress of JJM are available in public domain on the IMIS portal/ dashboard of JJM.

viii) **Source Sustainability – interventions under convergence with other programmes/ departments:** Various initiatives like construction of soak pits, creation of storage tanks, rejuvenation of water bodies/ springs, afforestation, spring shed development etc. under various programmes like SBM-G, MGNREGA, CAMPA, PMKSY, IWMP etc. being implemented by various departments are being leveraged for ensuring sustainability of Drinking Water Sources under 'Jal Shakti Abhiyan'.

3. Preparation of Sketch / Design

The sketch/design drawn on a suitable scale should be simple, colourful, easy to comprehend and should avoid statistical data and unnecessary details. It should be able to convey the above-mentioned objectives and achievements (para 1 & 2), by itself and should not require any explanation, writing or elaboration. Designs in virtual reality in the form of CD showing the various components displayed from different angles, can also be presented.

4. Preparation of models

After the approval of the proposed sketch/design by the designated Committee in its preliminary meetings **three-dimensional model** of the proposed tableau would be prepared (within 3 days maximum) on the lines of the suggestions given by the Committee for further inspection. Final approval for participation would be

accorded only after the models of the tableaux are finally selected by the Committee.

5. Points to be kept in view while drawing up the proposal:

- i) One truck-trailer, upon which a tableau would be fabricated, would be arranged by the bidder.
- ii) No additional tractor, trailer or other types of vehicles would be allowed to be used in the tableau. This aspect should be kept in mind while preparing the designs of the tableau proposals to be presented before the designated Committee.
- iii) There is no objection to the use of vehicles other than tractor and trailers for fabrication of tableaux to give them a different look.
- iv) As far as possible, there should be some movement, sound and animation on the tableaux.
- v) The number of performers on the trailer would not be more than 20 persons. Attractive ground element however can be considered on a limited number of tableaux only if it goes with the theme. These conditions are subject to modifications by the designated committee depending on the requirement of the tableau.
- vi) the colours, designs, costumes, materials, etc. used should be authentic to present local flavour. The performers on the float or on ground should also look to be authentic in case any cultural or traditional event is being depicted.
- vii) The sketch should clearly depict as to how the vehicle pulling the tableau will be used as a part of the theme. Camouflaging the vehicle should be in harmony with the main theme of the tableau. This should be taken into account while designing the tableau.
- viii) In case, a tableau is proposed to be integrated with a folk dance, it should be ensured that the selected dance is a genuine folk dance and the costumes and musical instruments are traditional and authentic. The tableau and the dance should also have thematic unity. The strength of the dance party, excluding those who are to perform on the tableau, should not exceed 20 persons. The video clippings of the dance may also be sent along with the proposals.

accorded only after the models of the tableaux are finally selected by the Committee.
